**Step 1:** Choose Skyline 1 and/or 2 templates and cut out the square. Or draw your own on scrap paper to make a bigger skyline!

**Step 2:** Collage inside the building lines and glue down the scrap paper, card, magazines and takeaway menus.

**Step 3:** Draw any details over the collaged paper. Try to show the lines between different buildings and even some windows!

**Step 4:** Carefully cut out the skyline from the square template. Make sure you keep the bottom bit so the collaged city can stand up!
