FOLLOW THE BLUE TRAIL... Start at the Leadenhall Building!

Find an object, add imaginary camera and effect!

Stop when you first see me!

Then move closer to look more carefully.

HOW MANY THINGS CAN YOU SEE?

HOW MANY WAYS CAN YOU REST ON THE SCULPTURE? USE YOUR WHOLE BODY!

Walk around me, tap me... and find the poetry!

WHO DO YOU THINK LIVES HERE? DRAW THEM!

DID YOU KNOW?  
Even though the Gherkin has a curved shape, there is only one piece of curved glass at the very top!

Be a poet! What can you see, hear and sense around you?  
FILL IN THE GAPS TO REIMAGINE THIS NEON POEM

DESIGN YOUR OWN SECRET SENTINEL

DRAW THE CREATURE YOU IMAGINE!

WHAT SKY SCRAPER CAN YOU SPOT? CHECK OUT THE REFLECTIONS IN THE CURVED GLASS WALL.

SO MANY COLOURS!

Follow the river and imagine it as a creature... How does it make you feel?

THIS TRAIL TAKES 1 HOUR MINIMUM
